

I want the "Do NOT Call Law" to remain in full force as it now stands. I personally feel that it is an invasion of my privacy for anyone to call me with unsolicited sales calls, consumer polls, etc., especially during dinner hour or in late evening hours. In addition, I work at home and the constant unsolicited calls were not only an inconvenience, but in addition interrupted my work with clients. No matter how many times I demanded that my number be removed from the call list, it did not work and the calls continued.

I have a right to privacy, to not be annoyed and have my life disrupted by these people.

DO NOT weaken this law, or change it in any manner other than to strengthen it.
